QUESTION 1:

Per the contract documents it reads "Inspection for acceptance will be made within 60 days after seeding, excluding seeding dates that fall between September 30 and March 1. Seeding dates that fall between September 30 and March 1 will be counted no earlier than May 1." If we start Sept 15 that would make it May 1 before it could be accepted. Then on page 19 it says "The contractor shall be paid in accordance with the firm, fixed prices stated on the pricing pages of this document after completion of the deliverables specified herein and acceptance by MODOT."

My question is does this mean that we wouldn't be paid until acceptance which would be around May 1 of 2013?

MODOT RESPONSE:

MoDOT will pay 60% of the contract when the work is completed and approved, and withhold 40% of pay until May, but the project would not be finalized out until then.
